

Positive Actions Create Change

We are seeking passionate people to be involved in Council's development of an Agreement with Kurna communities.

After adopting the Uluru Statement from the Heart and displaying it in our Kurna-named Payinthe building, Council is now committed to investigate options and the process for progressing a Treaty (or similar agreement) with Kurna people.

Spirit of the Journey

First, we come together in the spirit of Payinthe Kumangka (Prospect examining together), to seek and find a pathway forward that we can embrace together.

But it is only by seeking to;

- **look back,**
- **allow time for the whole truth to be told, and**
- **fully understand the truth at a heart level,**

that we will find a lasting and just pathway forward together.

To register your interest in being part of this exciting initiative, you can email Brendan Lott, Manager Community Development, at admin@prospect.sa.gov.au
